NOTICE

Relating to California Water Color Exhibition only

It is the desire of the Museum to stimulate the purchase of works of art on exhibition in this gallery. For this reason, the Museum charges no commission on sales made direct from this exhibition. Purchasers are assured that all of the price for art objects goes to the producer. The artist's valuation on objects for sale is placed to the right of the title in a catalogue attached to the "Offer Box." In instances where the prospective purchaser and the artist do not agree in their valuation, bona fide offers to buy any object on exhibition may be made on slips for the purpose secured from the gallery attendant. These are to be filled out and deposited in the "Offer Box" on the attendant's desk, which is opened at the close of the exhibition. The artist reserves the right to reject any and all offers so made.

No objects to be removed from the gallery prior to the close of the exhibition.
